CGS STUDENT NEWSLETTER

From the desk of Mrs. Morganti, CGS Program Counselor

Greetings, CGS students!

As this year winds down, I want to say how proud we are of each and every one of you. Some of you have made incredible strides to achieve your personal best. Some of you have grown in ways you didn't know you could. Some of you have overcome adversity and unexpected challenges with grace and resilience. CGS students are amazing! Be on the lookout for CGS Summer Enrichment activities and, as always, let me know if you need anything!

<u>Catholic University Pre-college Summer</u>
<u>Program, Architecture</u>

William & Mary Summer SEP

Take advantage of the summer with these tips to help you prepare for life after high school

- 1. Take summer classes or enroll in online courses to boost your academic skills.
- 2.Look for internships or volunteer opportunities in your field of interest to gain experience.
- 3. Build your professional network by attending career fairs and networking events.
- 4. Update your resume and cover letter to showcase your skills and achievements.
- 5. Research potential colleges and career paths to explore your options.
- 6. Start preparing for standardized tests like the SAT or ACT.
- 7. Use your free time to read books and articles related to your field of interest.
- 8. Develop your soft skills such as communication, teamwork, and time management.
- 9.Learn a new skill or hobby that can enhance your resume or career prospects.
- 10. Take care of your mental and physical health to ensure you are ready for the

challenges ahead.

You don't need to do everything.
Pick one or two tasks that you
would benefit from then spend the
rest of your summer relaxing!
